Your financial generosity and support is a crucial part of the success of "Kaleidoscope". Revenue that is received from this event will also provide financial assistance for our annual "Celebrate the Arts" event that is held in the spring. The Jackson County Arts Council works very closely with the art teachers from the middle and high schools in Jackson Count to identify students to participate in "Celebrate the Arts". The art students are given an opportunity to display their art in a juried art show setting, and receive awards and recognition for their art. The artwork remains on display several days for the community to enjoy. We hope to see you there!
